The CDC's order requiring proof of vaccination for non-U.S. citizen, nonimmigrants to travel to the United States is still in effect. More information from CDC is available at: [Requirement for Proof of COVID-19 Vaccination for Air Passengers](#).

Check the [CDC website for additional COVID-19 travel information](#) and [Frequently Asked Questions](#).

Requirements for Entry to Nigeria

- As of December 2022, Nigeria no longer requires pre-departure or post-arrival COVID-19 PCR testing regardless of a person's vaccination status. Passengers are required to complete a Health Declaration Form online by visiting <https://healthapp.ncdc.gov.ng/>. Paper-based versions will be available onboard the aircraft or upon arrival for passengers unable to complete the online form
- The Nigerian Immigration Service posts information about entry requirements on its website: <https://immigration.gov.ng/>.
- The Nigeria Centre for Disease Control and Prevention (NCDC) publishes specific information here: <https://ncdc.gov.ng>

COVID-19 Testing

- PCR and/or antigen tests are available for U.S. citizens in Nigeria. Several private laboratories conduct COVID-19 testing, with many providing results in 24 hours.

COVID-19 Vaccine Information:

- Are vaccines available in Nigeria for U.S. citizens to receive? Yes
- Qualified individuals can both register and find additional vaccination information at: <https://nphcda.gov.ng>.
- Visit the FDA's website to [learn more about FDA-approved vaccines](#) in the United States.
- For information on limited humanitarian exemptions to CDC's requirement that all U.S. bound non-U.S. citizen, nonimmigrant travelers present proof of vaccination, see [Requirement for Proof of COVID-19 Vaccination for Air Passengers](#).
